

National Multicultural Greek Council 2014 ANNUAL MEMBERSHIP REPORT

Methodology

The data for this self-reporting assessment was analyzed in April 2015 based on data collected by member organizations during the 2014 calendar year. The information includes data ranging from January 1 - December 31, 2014. The data was collected using SurveyMonkey questionnaire format. The Research Committee for the 2012 Assessment developed the original questionnaire.

Limitations

The data collected in this report is information collected from the members organizations of the National Multicultural Greek Council. All of the data collected is self-reported.

Acknowledgements

We would like to thank the members of the Research Committee for their time and efforts.
